*The General Assembly,*

*Recalling* that, as set forth in the Charter of the United Nations, the Organization is based on the principle of the sovereign equality of all its Members and that, in conformity with the provisions of the Charter, international relations should be governed, among other fundamental principles, by those relating to the prohibition of the threat or use of force and to non-intervention,

*Bearing in mind* that nuclear-weapon-free zones constitute one of the most effective means for preventing the proliferation, both horizontal and vertical, of nuclear weapons and for contributing to the elimination of the danger of a nuclear holocaust,

*Reaffirming* the principle defined in its resolution 2028 (XX) of 19 November 1965, which established the necessity that there should be an acceptable balance of mutual responsibilities and obligations of the nuclear-weapon and non-nuclear-weapon States,

*Reaffirming also* the request made in its resolution 2153 A (XXI) of 17 November 1966 to all nuclear-weapon States to refrain from the use, or the threat of use, of nuclear weapons against States which conclude regional treaties in order to ensure the total absence of nuclear weapons in their respective territories,

Having examined the comprehensive study of the question of nuclear-weapon-free zones in all its aspects<sup>36</sup> carried out under the auspices of the Conference of the Committee on Disarmament by the *Ad Hoc* Group of Qualified Governmental Experts for the Study of the Question of Nuclear-Weapon-Free Zones in pursuance of General Assembly resolution 3261 F (XXIX) of 9 December 1974,

Having also examined the comments made by States members of the Conference of the Committee on Disarmament regarding that study,<sup>37</sup> the text of which is annexed to the special report in which the Conference transmitted the study to the General Assembly,<sup>35</sup>

Bearing in mind that, without prejudice to the results that may be obtained through any further examination of this matter, from the analysis of the contents of the special report it is already possible at this time to draw certain incontrovertible conclusions,

Noting that from among those conclusions it would seem advisable to stress the necessity that the General Assembly define the concept of a nuclear-weapon-free zone and the scope of the principal obligations of the nuclear-weapon States towards such zones and towards the States included therein,

Convinced that in so doing it will strengthen the new efforts recently undertaken and the realizations already achieved for the establishment of nuclear-weapon-free zones,

Solemnly adopts the following declaration:

I. *Definition of the concept of a nuclear-weapon-free zone*

1. A "nuclear-weapon-free zone" shall, as a general rule, be deemed to be any zone, recognized as such by the General Assembly of the United Nations, which any group of States, in the free exercise of their sovereignty, has established by virtue of a treaty or convention whereby:

(a) The statute of total absence of nuclear weapons to which the zone shall be subject, including the procedure for the delimitation of the zone, is defined;

(b) An international system of verification and control is established to guarantee compliance with the obligations deriving from that statute.

II. *Definition of the principal obligations of the nuclear-weapon States towards nuclear-weapon-free zones and towards the States included therein*

2. In every case of a nuclear-weapon-free zone that has been recognized as such by the General Assembly, all nuclear-weapon States shall undertake or reaffirm, in a solemn international instrument having full legally binding force, such as a treaty, a convention or a protocol, the following obligations:

(a) To respect in all its parts the statute of total absence of nuclear weapons defined in the treaty or convention which serves as the constitutive instrument of the zone;

(b) To refrain from contributing in any way to the performance in the territories forming part of the zone of acts which involve a violation of the aforesaid treaty or convention;

(c) To refrain from using or threatening to use nuclear weapons against the States included in the zone.

III. *Scope of the definitions*

3. The above definitions in no way impair the resolutions which the General Assembly has adopted or may adopt with regard to specific cases of nuclear-weapon-free zones nor the rights emanating for the Member States from such resolutions.

3473 (XXX). **Implementation of General Assembly resolution 3262 (XXIX) concerning the signature and ratification of Additional Protocol I of the Treaty for the Prohibition of Nuclear Weapons in Latin America (Treaty of Tlatelolco)**

*The General Assembly,*

Recalling its resolutions 2286 (XXII) of 5 December 1967 and 3262 (XXIX) of 9 December 1974 concerning the Treaty for the Prohibition of Nuclear Weapons in Latin America (Treaty of Tlatelolco)<sup>38</sup> and its Additional Protocol I,

Taking into account that certain territories lying within the zone of application of that Treaty which are not sovereign political entities are nevertheless in a position to receive the benefits deriving from the Treaty through its Additional Protocol I to which the States that *de jure* or *de facto* are internationally responsible for those territories may become parties,

Recalling with satisfaction that the United Kingdom of Great Britain and Northern Ireland and the Kingdom of the Netherlands became parties to Additional Protocol I in 1969 and 1971, respectively,

1. *Again urges* France and the United States of America to sign and ratify Additional Protocol I of the Treaty for the Prohibition of Nuclear Weapons in Latin America (Treaty of Tlatelolco) as soon as possible, in order that the peoples of the territories in question may receive the benefits which derive from the Treaty and which consist mainly in removing the danger of nuclear attack and sparing the squandering of resources on the production of nuclear weapons;

2. *Requests* the Secretary-General to transmit the present resolution to the two States to which the above appeal is addressed and to inform the General Assembly at its thirty-second session of any measure adopted by those States;

3. *Decides* to include in the provisional agenda of its thirty-second session an item entitled "Implementation of General Assembly resolution 3473 (XXX) concerning the signature and ratification of Additional Protocol I of the Treaty for the Prohibition of Nuclear Weapons in Latin America (Treaty of Tlatelolco)".

*The General Assembly,*

Recalling its resolution 3263 (XXIX) of 9 December 1974, in which it overwhelmingly commended the idea of the establishment of a nuclear-weapon-free zone in the region of the Middle East,
